June 28 Dr. Martin's Syrup of Wild Cherry and Sarsaparilla.

THE WILD CHERRY AND SARSAPARILLA, which, on the basis of this preparation, have long been celebrated in Consumption and Scrofula, Diseases of the skin, Coughs, Colds, Spitting of Blood, Asthma, &c. Though this remedy has been but a short time before the public, yet it has gained perhaps more character and reputation as a curative in those diseases than any remedy of the day. The Bishop of the Protestant Episcopal church, (the Right Rev. W. R. Whittingham.) authorized us to say he has used it in his own person with decided benefit—Dr. S. Harper, of Kent Island, has written to us, he has used it with great success in his practice [see his letter in the pamphlet.] And in a letter from a lady on the Eastern Shore of this State, she says: "I had a letter from Miss E. State, she says: "I had a letter from Miss E-on Tuesday; she says mother has requested her to say, Isabel derived almost instantaneous relief from say, Isabel derived almost instantaneous relief from DR. MARTIN'S SYRUP OF WILD CHERRY. Her disease was Consumption in its forming stage. The Boonsborough Odd Fellow, of Washington county, Maryland, June 20th, 1848, says: "When an article has afforded relief to so many persons as DR. MARTIN'S COMPOUND SYRUP OF WILD

DR. MARTIN'S COMPOUND SYRUP OF WILD CHERRY has done, we feel bound to make it known. There never was an article in this country that has afforded relief and gave more satisfaction than this. In the neighborhood of Brownsville, in this county, it has effected several important cures, and, from our own certain knowledge of it, we pronounce it unequalled for the cure of Coughs, Colds, and diseases of this kind."

A certain cure for Ague, Fever and Dyspepsia.—In our summer and fall months many sections of our country are prostrated by BILIOUS FEVER, and AGUE and FEVER. It has been our particcountry are prostrated by Billious Fever, and AGUE and Fever. It has been our particular study to find out some remedy to stop this dreadful scourge, and think in this TONIC we have effected this great object. It is also, we think, the very best remedy in Dyspepsia, and, if our directions are followed, will not fail to effect a cure.

In a letter dated May 23, 1849, our Agent, Mr. Elias Raub, of Wrightsville, York county, Penn., says: I have never known any remedy for Feer and Agus equal to your INVALUABLE NATIONAL TONIC. It has given universal satisfaction, and has cured cases of Ague of years' standing, and after the failure of all other medicines made use of Mr. Henry Beverson, of the same place, says in his certificate dated 22d March, 1849. "I applied to a number of physicians, and also used a variety of the most popular Ague Mixtures at different times, but all without the desired effect, no permanent cure having been effected. I was at length induced, at the recommendation of your worthy agent at this pace, to try a bottle of your NATIONAL TONIC. and to my great satisfaction, before I had used half of it, I felt completely cured, though I continued the use of it till I had taken two bostles." In a joint certificate from Mesers. Miles Kabo, William Blackson, and James D. Brown, of the same place, they say: "Having tried nearly all the remedies within our each without mecess." kaho, William Blackson, and James D. Brown, of the same place, they say: "Having tried nearly all the remedies within our reach without success, we at last purchased some of your NATIONAL TON-IC, which has completely cured us. We cheerfully recommend it to the notice of all persons afflicted with that terrible disease as the best remedy yet discovered."

THE ATTENTION OF THE PUBLIC IS INvited to this valuable improvement. Experiments the past year on boats, both in Salt and Fresh water, as also for land purposes, have fully tested its superior qualities as a steam generator, and the great saving of fuel, weight and space occupied, over any boiler now in use.

These Boilers can be seen in operation at Messrs. HECKER & BRO'S, Flour Mills, 201 Cherry street.

THE KNICKERBOCKER MAGAZINE. Edited by Lewis Gaylord Clark.

'MATHEMATICIANS tell us of certain curves called asymptotes, whose peculiarity is always to approach each other, and yet, even when infinitely extended, never to intersect. The KNICKERBOCKER, which has reached an age for a Magazine much greater than a hundred years for a man, and only to be attained by a more marvellous miracle, has perpetually approached the highest possible point of interest and excellence; and yet it seems to have an excelsior, for each number seems better than that which went before. How it is done our friend CLARK may understand—but it is a scaled mystery to us. There is no publication in the United States that has so attractive or popular a feature as the Editor's table of

is no publication in the United States that has batteractive or popular a feature as the Editor's table of the Knickersocker.'—New York Courier and Enquirer.

'We regard it as the very best work of its kind in the Union.'—St. Alban's (Va.) Journal.

'Its contents are as invariably good as its appearance is punctual.'—William Cullen Bryant, in the New York Evening Post.

'Its articles are worthy of Blackwood's palmiest days. The Editor's Table is in Mr. Clark's happiest vein; varied and racy in a remarkable degree.'—New York Commercial Advertiser.

'The Knickersocker seems to increase in attraction as it advances in age. It exhibits a monthly variety of contributions unsurpassed in number or ability.'—National Intelligencer.

'The Knickersocker is one of the most valuable magazines of the day, and outstrips all competition in the higher walks of lierature.'—Albany Argus.

'The Editor's Table alone is worth the price of the work. It is not a periodical to be lightly glanced ever and thrown by, but it forms a library book to save and re-read. A set of the Knickersockers, bound up in volumes, on the shelves of one of our popular libraries, is more consulted (so the librarian has often told us) than any other similar work.'—Boston Daily Transcript.

President Everett, of Harford College, late Minister to England.—'I peruse the Knickersockers is conducted, and the great merit of its contributors, place it in the highest rank of periodicals.'

Hon. J. K. Paulding, late Secretary of the Navy.—'The manner in which the Knickersocker is conducted, and the great merit of its contributors, place it in the highest rank of periodicals.'

Prof. Longerellow, Cambridge University.—'The Knickersockers stands high in this quarter. It is superior to most of the English magazines, and well deserves its large lias of subscribers.''

Hon. Robert M. Charlon, Georgia.—'The Knickersocker is large lias of subscribers.''

Hon. Robert M. Charlon, Charlon, Georgia.—'The Knickersocker is the pleasantest periodical in the United States. Its ar

LONDON MORNING CHRONICLE.—'Judging from the numbers before us, we are inclined to consider this the best of all the American literary periodicals. Its contents are highly interesting, instructive, and
